Site Recommendations

We recommend that you utilize banner ads when promoting a company or organization. If you wish to promote a specific product or event, then we suggest you consider using the following ad system. We call these classified ads and they appear in “slider boxes.” Priority placement (ads come up first in box) can be purchased. The ads allow you to upload video (embed code needed), photos, and almost any file type.

You can also choose to place a PayPal “purchase now” icon in your slider box ad at no extra charge. The ads are self serve and simple to create.
